

## Buenos Aires: Nikola Tesla Salon opens at the Embassy

Wednesday, 06 November 2019.

---

Nikola Tesla's Salon opened at the Embassy of Serbia in Buenos Aires on November 4, with a permanent display, which includes, among other things, Tesla's coils and Tesla's egg, a donation from Telefonika. Panels representing the whole entitled "Energy for the Future: Nikola Tesla and the Development of Hydropower" were presented, which the Embassy provided in cooperation with the Nikola Tesla Museum in Belgrade.

At the opening of the Salon, one of the greatest connoisseurs of Tesla's life and work, Branimir Jovanovic, gave a presentation on our scientist. Members of the diplomatic corps and the Serbian diaspora attended.
